1. **Experience:** What issue related to climate change emerges in your context and out of your experience?
2. **Social Analysis:** Briefly list some of the potential sociological, economic, political, cultural, environmental, or religious factors in your issue that invite your deeper exploration.
3. **Faith Reflection:** What images, scriptures, symbols, stories, or theological reflections are evoked for you that invite your deeper prayerful reflection?
4. **Action:** What concrete action(s) do you envision flowing from the direction of social analysis and faith reflection?
